GLOBAL STRIKE FOR GAZA - 7TH APRIL 2025

With a heavy heart full of sorrow we the student of National Institute of Technology (NIT) are joining the global strike for Gaza on **Monday, 7th April 2025**. There will be no classes, no labs, no academic business as usual.

The whole world is witnessing the horror and genocide ongoing on Gaza and the people there. This is oppression against humanity.

We stand with the people of Gaza and against the oppressor. **We urge all the students of Institute of Technology (NIT) and all the people across the world to join the strike and break the silence.**

"Until the genocide ends, we strike"
